Choosing Tier 1 providers  
UMR

**You want only the best for your employees, but health care can be complicated. And the choices people make can have a big impact on their health and health care costs.**

To help employees make informed decisions and get more value from their medical plan, we offer a library of custom communication campaigns — available at no additional cost to BHCG member employers. These campaigns were created in partnership with UnitedHealthcare’s Engagement Solutions team using best-in-class strategies and creative concepts.

## Tier 1 provider campaign: Spot the blue dot

Our customizable Tier 1 provider campaign helps your employees make the most of their tiered benefits. By encouraging them to look for the Tier 1 symbol next to doctors’ names — “spot the blue dot” — they can more quickly and easily identify providers who deliver quality care at a lower out-of-pocket cost.

Choose from a variety of tactics to meet your needs, including:

- Video
- Targeted mailers
- Full population mailer
- Emails
- Intranet article

Your employees get the information they need to make the most of what matters to them: their health, their money and their quality of life. And you get the tools you need to help them keep their health — and health care costs — in check.

## Help your employees make the most of what matters

No matter what your employees need from the health care system, we make it easy for you to help them find it, so they can feel good about their health and benefit decisions. And you can make the most of your health care investment.
