Business Health Care Group names new leader

The Business Health Care Group has named a new leader.

Janet Lucas Taylor was most recently vice president of benefits at Mr. Cooper Group, a home loan servicer.

She'll become executive director of the eastern Wisconsin employer healthcare purchasing coalition on Monday.

Lucas Taylor previously served on the Business Health Care Group's executive board when she was at Northwestern Mutual and worked with the coalition as a senior consultant at Towers Watson. She currently serves on the board of directors for The Leapfrog Group, which advocates for healthcare transparency.

"My focus will be on enhancing the value we deliver to our member employers while supporting the organization's ongoing growth as a dynamic membership-based entity," she said in a Wednesday statement.

Lucas Taylor's predecessor, Jeffrey Kluever, retired July 4.
