HOLISTA

Next Steps

Missed Opportunity Report

Holista can build a Missed Opportunity Report for your organization. We compare historical healthcare spend against our Episodes of Care to show what could have been saved.

In addition to claims data, we can set the mileage radius to match members with participating providers within a specified distance.

WHAT WE NEED | 2 years of historical claims data

WHAT WE COMPARE

Historical Spend

With Holista Episodes of Care

The gap is the savings opportunity we surface for you.
